Get ready for bikini season with our world-famous, revolutionary, all-natural Lightening Gel for Sensitive Areas!

If you suffer from embarrassing dark or discolored intimate areas such as the bikini line or underarms, you are not alone. As more people discover bikini waxing, the more we need to pay attention to how we look once the hair is removed.

South Beach Skin Solutions™ Lightening Gel for Sensitive Areas is the ultimate in safe, gentle and effective natural lightening for the anal, vaginal, breast, underarm, face and other sensitive areas.

Unlike cheap drug store skin lighteners or bogus imitators, our specially-formulated Lightening Gel for Sensitive Areas is very gentle and does not contain any potentially harmful or irritating chemicals such as Kojic Acid or Hydroquinone. Who would put that on a sensitive area! See some BEFORE and AFTER photos below.

"I'm Latin and my private area was darker than my general body and when I used this bleach cream it was the most thankful thing that ever happen to me. My sex life is better and my private area looks more pink and it makes my man want me more. So girls! buy this bleach cream.... it really works.... I love it and will buy it again and again.... love you guys." ---- Jennifer

"Just wanted to let you know I was really happy with your lightning gel! I was actually a little sceptical that it would have gentle ingredients AND work, but I'm obviously really happy that it did! Thanks also for being so discreet with your packaging." ---- Robyn

Don't Be Fooled by Pretenders!

Anal and vaginal lightening is one of the hottest skin care trends today. Be sure not to be fooled by any other product claiming to be suitable for anal bleaching. These are old general skin lighteners trying to take advantage of the trend. Many contain harsh chemicals such as Hydroquinone or Kojic Acid that can burn or irritate or have ingredients that can leave you sticky or messy. Ours is the ONLY product on the market that has been specifically formulated and tested for use on the sensitive anal and genital areas. Safe, gentle, clean. NO HYDROQUINONE OR KOJIC ACID!

What Causes Discoloration of Sensitive Areas? Am I Weird?

NO! Discoloration of the intimate areas is more common than you think in both men and women. It is just that people didn't talk about it. Until now! There are many reasons why it can occur. Everybody is different. However, it tends to be a result of hormonal changes that may arise after pregnancy or simply with aging. But you don't have to live with it .

Who Should Use?

Originally, anal and vaginal lightening (sometimes referred to as anal bleaching or vaginal bleaching) was discovered by beauty-conscious celebrities who wanted to enhance the appearance of their intimate areas. However, they had to go to special salons and use harsh chemicals that have potentially harmful side effects. Now, any man or woman who wants to enhance their look can use our product in the comfort of their home. Works with all skin types!

Can Men Use It on Their Penis?

YES! We have thousands of men using our Lightening Gel to enhance the look of their penis, genital and anal areas.

How It Works -- the Most Advanced Product of its Kind

Our revolutionary product is unlike anything else on the market. Most cheap drug store skin lighteners use harsh chemicals to "bleach" the top layer of skin. These products can burn you and any result will quickly slough off and expose the darker skin below.

To solve this problem, our formula uses a unique approach to produce the safest, fastest and most effective results. First, our Gel gently exfoliates the skin to prepare it. Then, it delivers a blend of natural de-pigmentation and whitening agents deep into the layers of the skin. These gently lighten the skin and reduce the activity of Tyrosinase (the enzyme responsible for darkening) in the skin. Gentle soothing agents moisturize to protect. As new skin comes to the surface, you see a lighter skin tone that blends with your natural skin tone. Continued use maintains the look as desired.

And because of our special formulation, our product absorbs quickly and dries clean with no oily or sticky residue. This is critical for use in the bikini and underarm areas! With no mess, you are on your way in seconds!

Ingredients

It is our mission to provide safe, gentle and effective products that will not irritate sensitive skin. Therefore, we only use gentle, natural ingredients to create products that are hypo-allergenic, non-comedogenic, and contain no alcohol, fragrances, dyes or parabens. Our ingredients are:

Water, Cetearyl Ethylhexanoate, Arctostaphylos Uva Ursi Leaf Extract, Glycerin, Magnesium Ascorbyl Phosphate, Saccharide Isomerate, Carbomer, Glycyrrhiza Glabra (Licorice) Root Extract, Sodium Hydroxide, Polysorbate 20, Potassium Sorbate, Phenoxyethanol,

Ethylhexylglycerin.

Directions

For best results, use twice a day (morning and evening). Wash as normal. Allow skin to dry. Apply a small amount directly to the desired area by gently rubbing in a circular motion until completely absorbed into the skin. No gloves or brushes needed. Make sure to cover the desired area. Allow to dry completely before applying any other products. Continued use maintains the look as desired.

External use only. Not intended for use by pregnant or breast feeding women.

Results

Most people will see results within 2-3 weeks. However, each individual is different and the length of time for results may vary depending on the cause and severity of the discoloration. The frequency of maintenance will depend on the individual. A little goes a long way. Each concentrated 2 oz / 60 ml tube should last 1-2 months depending on the amount used to cover the desired area. Purchase a second tube for a larger area and more maintenance

Do you want lighten your skin safely and naturally?

Perfect for :

All Over

Many of our customers requested a product suitable for use over the whole body. Now you can get gentle skin lightening in our luxurious new Body Milk formula.

South Beach Skin Solutions™ Skin Lightening Body Milk is the ultimate in safe, gentle and effective natural lightening for larger areas of the body.

Unlike cheap drug store skin lighteners or bogus imitators, our specially-formulated Skin Lightening Body Milk is very gentle and does not contain any potentially harmful or irritating chemicals such as Kojic Acid or Hydroquinone.

The highly-advanced, all-natural ingredients are designed to gently and effectively lighten dark pigmented areas by blending them with your own natural skin tone providing you with a fresher, more youthful look.

So gentle you can use right in the comfort of your own home with complete confidence and safety!

I Want My Skin to Be Lighter. Am I Weird?

NO! Many people with dark skin want to be lighter. It is just that people didn't talk about it. Until now! Our Skin Lightening Body Milk can help you safely and naturally lighten the overall tone of your skin to its lighter shades.

Who Should Use?

Any man or woman who wants to enhance their look can use our product in the comfort of their home. Works with all skin types!

How It Works -- the Most Advanced Skin Lightener of its Kind

Our revolutionary product is unlike anything else on the market. Most cheap drug store skin lighteners use harsh chemicals to "bleach" the top layer of skin. These products can burn you and any result will quickly slough off and expose the darker skin below.

Get ready for bikini season or wearing that revealing dress with our world-famous, revolutionary, all-natural Skin Lightening for Underarms! If you suffer from embarrassing dark or discolored underarms, you are not alone. Millions of women have this problem. South Beach Skin Solutions™ Skin Lightening for Underarms is the ultimate in safe, gentle and effective natural lightening for the underarm areas. Unlike cheap drug store skin lighteners or bogus imitators, our specially-formulated Skin Lightening for Underarms is very gentle and does not contain any potentially harmful

or irritating chemicals such as Kojic Acid or Hydroquinone.

The highly-advanced, all-natural ingredients are designed to gently and effectively lighten dark pigmented areas by blending them with your own natural skin tone providing you with a fresher, more youthful look. So gentle you can use right in the comfort of your own home!

Don't Be Fooled by Pretenders!

Skin lightening is one of the hottest skin care trends today. Be sure not to be fooled by any other product claiming to be suitable for use on the underarms. These are old general skin lighteners trying to take advantage of the trend. Many contain harsh chemicals such as Hydroquinone or Kojic Acid that can burn or irritate or have ingredients that can leave you sticky or messy. Ours is the ONLY product on the market that has been specifically formulated and tested for use on the unique sensitive underarm areas. Safe, gentle, clean. NO HYDROQUINONE OR KOJIC ACID!

Don't Suffer From Dark Underarms What Causes Discoloration of the Underarms? Am I Weird?

NO! Discoloration of the underarms is more common than you think in both men and women. It is just that people didn't talk about it. Until now! There are many reasons why it can occur. Everybody is different. However, it tends to be a result of hormonal changes that may arise after pregnancy or simply with aging. It can also be caused by the irritation of shaving or waxing. Last but not least, some deodorants and anti-perspirants can actually cause this staining. But you don't have to live with it .

Who Should Use?

Now, any man or woman who wants to enhance their look can use our product in the comfort of their home. Works with all skin types!

How is This Different from the Lightening Gel for Sensitive Areas?

Both products use the same basic active ingredients and work well for the underarms. The Skin Lightening for Underarms comes in a handy roll-on form and contains an all-natural deodorant with a light, pleasant Lavendar scent. The Gel does not contain any deodorant so you would use your own. So you choose which one suits your individual needs.

How It Works -- the Most Advanced Product of its Kind

Our revolutionary product is unlike anything else on the market. Most cheap drug store skin lighteners use harsh chemicals to "bleach" the top layer of skin. These products can burn you and any result will quickly slough off and expose the darker skin below.

**Waxing,
Shaving
Laser Hair Removal
Other Treatments**

**For All Skin Types
Great for Men Too!**

**Cleans & Desensitizes!
Not Greasy or Oily!**

Shown to reduce the pain of waxing by up to:

50%

PERFECT FOR USE ON

- Both Men and Women
- ALL SKIN TYPES - including Latin, African, Indian and Asian
- Before and after waxing, shaving, threading, laser, tattoo and other painful treatments
- All Skin, Especially the Bikini Areas, Underarms & Faces
- No Lidocaine or Benzocaine
- No Alcohol, Fragrances, Dyes, Parabens or other Potential Irritant

Hate the pain of hair removal and other treatments?

Then use our all-natural SBSS Skin Prep just before. It not only cleans away oil and dirt, it provides natural desensitizing which has shown significantly reduce the pain of waxing, shaving, laser and other treatments - up to 50%!!! Its astringent properties kill germs and prevent infections and ingrown hairs. Used by professional salons, this is the revolutionary product you have been waiting for. if your salon does not offer this product, bring your own. Or better yet, tell them to!!!

Don't Be Fooled by Pretenders!

There are other products on the market. Most contain harsh chemicals like Lidocaine or Benzocaine. These can be oily or greasy (bad for waxing) or provide little or no pain relief. Our Skin Prep does not contain those ingredients but relies on advanced natural pain relievers from proven plant extracts used for hundreds of years in pain remedies. Our unique blend of these ingredients creates a product like no other on the market today.

NO BENZOCAINE OR LIDOCAINE!

Who Should Use?

Any man or woman who wants to reduce the pain of waxing, shaving, laser treatments or other procedures. Men can even use it on their face before and after shaving. Works with all skin types!

Can Men Use It for Shaving Their Face?

YES! Men can benefit greatly from the cleansing and pain relieving properties of our Ultimate Skin Prep. Just use before (and after) shaving to clean and desensitize the skin without harmful irritation or side effects.

How It Works -- the Most Advanced Product of its Kind

Our revolutionary product is unlike anything else on the market. We combine a proprietary blend of natural plant extracts that help reduce the pain of waxing, shaving and more by gently and naturally desensitizing the skin. This lets the skin relax and can reduce pain up to 50% compared to using nothing.

Ingredients

It is our mission to provide safe, gentle and effective products that will not irritate sensitive skin. Therefore, we only use gentle, natural ingredients to create products that are hypo-allergenic, non-comedogenic, and contain no alcohol, fragrances, dyes or parabens.

Directions

For best results, use 3-5 minutes before waxing, shaving or other procedure. Apply to skin using a cotton ball. Rub in circles cleansing the skin and allowing the solution to penetrate completely. Allow skin to dry. Reapply as needed.

External use only. Not intended for use by pregnant or breast feeding women.

Results

Most people will see a significant reduction in the pain associated with waxing - up to 50%. However, each individual is different and the length of time for results may vary. Each concentrated 2 oz / 60 ml bottle should last for multiple applications depending on the amount used to cover the desired area. Purchase a second bottle for a larger area and more frequent use.
